

*Home learning Kestrels*

*Due back to school – Tuesday 23<sup>rd</sup> July 2024*

*English*

*This week has been French week and we have been finding out about attractions in Paris. Your challenge is to either select a different French attraction to find out information about or find out information about an attraction that you may visit during the summer holidays.*

*Maths*

*This week we have revisited addition, subtraction, multiplication and division. Your challenge is to focus on the operation that you find most challenging and practice that. Ask your parents to create some number sentences for you to work through. Don't forget to draw your tens and ones if you need to or use column method if you are able to.*

*Reading*

*We want you to read every night of the week and either you or a family member to record a comment. The reading records provide good evidence of the range of books read over the year.*
